Hello Betsy,

As a follow up to our phone conversation this morning (4/22/2013) in regards to the University of Vermont's reply to your April 3, 2013 letter; Docket No. 030-13022, Control No. 579668, I would request an extension of 60-days. Your April 3<sup>rd</sup> letter was received by our office on April 15<sup>th</sup> and in order to fully comply with your request for more details in our Decommissioning Fund Plan more time is needed past the May 3<sup>rd</sup> deadline. Thank you for your detailed letter and guidance as to how best to respond to your request.

One other item, on the bottom on your letter you cc'd. "Domenico D. Grasso, Radiation Safety Officer". The correct Radiation Safety Officer for the University of Vermont, License No. 44-00728-13, is Keddy Bharathan.

Please let me know if you need anything more from me at this time.

Thank you,

Tom
