**PURPOSE:** In accordance with Section 3116 of the Ronald W. Reagan National Defense Authorization Act for Fiscal Year 2005, the DOE is required to consult with the NRC prior to the Secretary of Energy's waste determination that certain waste streams do not require management as high level waste. The consultation process for the H-Area Tank Farm began on February 6, 2013. The purpose of this public meeting is for the NRC staff to present to the U.S. Department of Energy (DOE) categories of requests for additional information (RAI) associated with the NRC's preparation of a Technical Evaluation Report (TER) of the H-Area Tank Farm. The NRC will prepare a TER to summarize the NRC's review of DOE's draft waste determination and supporting documentation and will provide DOE with recommendations regarding its final waste determination.

**CATEGORY\*:** This is a Category 2 Meeting. The public is invited to participate in this meeting by discussing regulatory issues with the NRC at designated points identified on the agenda
