Subject:

Status Update on Letter of Credit and Stand-by Trust Agreement

**(NOTE: This will be used as the
Documents Title in ADAMS)**

5/8/2013 (08:05) I left a message for Mr. Carrier to get back in touch with me with the status on the Letter of Credit (LoC) and the Stand-by Trust Agreement (STA). (09:27) Mr. Carrier called and left me a voice mail message. He informed me that the licensee was not able to arrange a financial assurance package at a cost that was reasonable for the licensee considering the amount of the financial assurance instrument. No other financial institution was willing to put together a package for the small amount of money the instrument would entail. The licensee is working with its consultant to perform surveys and decrease its possession limit so financial assurance would not be required. He had the name and contact information for the consultant in case I needed to call him. (11:55) I spoke to the receptionist at Budney and determined that Kevin Budney would not be in until 5/13 and decided to leave a message on the voice mail system. I went over the information as stated by Mr. Carrier and requested confirmation.
