Audit Report

INFORMATION SECURITY RISK EVALUATION OF
REGION I – KING OF PRUSSIA, PA

OIG-13-A-06

Region I's Status Update of Recommendations

Recommendation 1: Update Region I Instruction 0710.1, *Region I Security Plan*, to reflect the new office location, describe the current access control procedures for visitors, and describe functions now performed by the security guards.

Agency Response Dated
February 1, 2013:

Agree. Region I is in the process of updating Regional Instruction 0710.1, *Region I Security Plan*. The revised Instruction will include updated procedures and functions (responsibilities) as a result of the Region I Office relocation. The current access control procedures for visitors are posted in a How-To Instruction entitled *Security Access to Region I Office* on the Region I intranet. Issuance of the revised regional instruction will be tracked in the Region I Corrective Action Program.

Estimated completion: Region I anticipates completing the revision of Regional Instruction 0710.1 by April 30, 2013.

OIG Analysis:

The proposed action meets the intent of the recommendation. This recommendation will be closed when OIG receives the updated Regional Instruction 0710.1 and verifies that it includes the new office location, describes the current access procedures for visitors, and describes functions now performed by security guards.

Status:

Resolved

Region I Status Update:

Region I developed a revised draft of Regional Instruction 0710.1. The draft is being reviewed and edited before final concurrence and approval by the regional administrator. Region I anticipates that the revised instruction will be approved by June 30, 2013.

Region I's Status Update of Recommendations

Recommendation 2: Update Region I Instruction 0730.1, *NRC Identification Badge Issuance and Protection*, to describe the current badge issuance procedures and to reflect the current NRC employee badge characteristics.

Agency Response Dated
February 1, 2013

Agree. Region I is in the process of consolidating the badge issuance procedures that reflect the current NRC employee badge characteristics into lower tier implementing instructions (How-To instructions and standard operating procedures (SOPs)) in conjunction with a revision of Regional Instruction 0710.1, *Region I Security Plan*. As a result of this consolidation effort, Region I will cancel Regional Instruction, 0730.1. Issuance of the revised Regional Instruction 0710.1 and lower tier instructions will be tracked in the Region I Corrective Action Program.

Estimated completion: Region I anticipates completing the revision of Regional Instruction 0710.1 by April 30, 2013.

OIG Analysis: The proposed action of cancelling Region I Instruction 0730.1 and revising Regional Instruction 0710.1 meets the intent of the recommendation. This recommendation will be closed when OIG receives the revised Regional Instruction 0710.1 and determines that it contains the current badge issuance procedures and reflects the current NRC employee badge characteristics.

Status: Resolved

Region I Status Update: Region I developed a revised draft of Regional Instruction 0710.1. The draft is being reviewed and edited before final concurrence and approval by the regional administrator. Region I anticipates that the revised instruction will be approved by June 30, 2013.

Region I's Status Update of Recommendations

Recommendation 3: Update Regional Instruction 0180.1, *Region I System of Instructions*, to specify which regional implementing instructions require annual review and update.

Agency Response Dated
February 1, 2013:

Agree: Regional Instruction 0180.1, *Region I System of Instructions*, requires that all implementing instructions be reviewed periodically and that recurring action items be used to track completion of recurring requirements. Requirements to update Region I IT security program procedures and implementing instructions annually in accordance with external requirements (e.g., Federal Information Security Management Act of 2002) will be added to Regional Instruction 0710.1, *Region I Security Plan*, and tracked as a recurring action item. Issuance of the revised regional instructions will be tracked in the Region I Corrective Action Program.

Estimated completion: Region I anticipates completing the revision of Regional Instruction 710.1 by April 30, 2013.

OIG Analysis: The proposed action meets the intent of the recommendation. This recommendation will be closed when OIG receives the updated Regional Instruction 0710.1 and determines that it specifies which regional implementing instructions require annual review and update.

Status: Resolved

Region I Status Update: Region I developed a revised draft of Regional Instruction 0710.1. The draft is being reviewed and edited before final concurrence and approval by the regional administrator. Region I anticipates that the revised instruction will be approved by June 30, 2013.
