South Texas Project Units 1 & 2 Docket Nos. STN 50-498, STN 50-499 Update Foreign Ownership, Control, or Influence (FOCI)

References: 1. Letter from M.P. Murray to NRC Document Control Desk, "Foreign Ownership, Control, or Influence (FOCI)," dated July 10, 2012 (NOC-AE-12002879) (ML12207A221)

> Letter from M.P. Murray to NRC Document Control Desk, "Update Foreign Ownership, Control, or Influence (FOCI)," dated January 24, 2013 (NOC-AE-13002953) (ML 13032A061)

In Reference 1 above, STP Nuclear Operating Company (STPNOC) submitted supplemental information regarding the current status of Foreign Ownership, Control, or Influence (FOCI) for STPNOC and NRG Energy Inc. (NRG), one of the three owners of South Texas Project, Units 1 and 2. In Reference 2, STPNOC provided the most recent update to the forms that identify the Owners, Officers, Directors, and Executive Personnel (OODEPs) for NRG. This submittal provides further updated information, following NRG's merger acquisition of GenOn Energy, Inc.

Enclosure 1 provides further supplemental information regarding the changes in the OODEPs for NRG. Enclosure 2 provides an updated Standard Form 328, "Certificate Pertaining to Foreign Interests" (SF 328) for NRG. Enclosure 3 provides Supplemental Information from NRG regarding NRG's answers to the SF 328 questions.

STPNOC is also including further supplemental information relating to NRG's answer to Question 1 of the SF 328, which is provided in Enclosures 2 and 3. STPNOC has identified that in a Schedule 13-G dated February 14, 2013, and filed with the Securities and Exchange Commission (SEC), Orbis reported that it owned 0% of NRG's common stock as of December 31, 2012. The Orbis Schedule 13 G is provided as Enclosure 4. In prior years, Orbis had been identified as a foreign controlled entity that owned a reportable percentage of NRG's stock, but based upon the most recent SEC filings, this is no longer applicable.

Certificate Pertaining to Foreign Interests

SF 328

February 25, 2013

Supplemental Information for Certificate Pertaining to Foreign Interests For

NRG Energy, Inc., NRG Texas, LLC, and NRG South Texas LP

Question 1:

Do any foreign person(s), directly or indirectly, own or have beneficial ownership of 5% or more of the outstanding shares of any class of your organization's equity securities?

No. As of December 31, 2011, Orbis Investment Management Limited ("OIML") and Orbis Asset Management Limited ("OAML"), both located in Hamilton, Bermuda, together owned 5.3% of NRG Common stock, but no longer hold above 5.0%.

Question 2:

Does your organization directly or indirectly through your subsidiaries and/or affiliates, own 10% or more of any foreign interest?

Yes. Attachment 1 provides a listing of NRG Energy, Inc.'s ("NRG Energy") foreign interests as of February 22, 2013, by name, country, and percentage owned or units held. In addition, Attachment 2 provides a listing of NRG personnel who act as officers or directors of the foreign entities.

Question 3:

Do any non-U.S. citizens serve as members of your organization's board of directors (or similar governing body), officers, executive personnel, general partners, regents, trustees or senior management officials?

Yes. Mauricio Gutierrez, NRG's Executive Vice President and Chief Operating Officer, is a citizen of Mexico and recently became a citizen of the United States.

In addition, Glen Mackey, NRG's Chief Risk Officer, is a citizen of Canada, and is a resident alien of the United States.

Question 4:

Does any foreign person(s) have the power, direct or indirect, to control the election, appointment, or tenure of members of your organization's board of directors (or similar governing body) or other management positions of your organization, or have the power to control or cause the direction of other decisions or activities of your organization?

No.

Question 5:

Does your organization have any contracts, agreements, understandings, or arrangements with a foreign person(s)?

All foreign operations represent approximately 1.0% of the company's total operating revenues and approximately 2.0% of its gross income. The largest source of revenue and income from any single foreign country was the company's operations in Germany, which represent approximately 0.9% of year-to-date operating revenue (as of December 31, 2012) and approximately 0.6% of gross income. On July 17, 2012, NRG sold 100% of its interest in its German operations.

NRG's subsidiary Nuclear Innovation North America, LLC (NINA) is a joint venture that is approximately 9.5% owned by Toshiba America Nuclear Energy Corporation (TANE), which is owned by Toshiba Corporation, a Japanese company. TANE is part of a consortium along with Stone & Webster Inc. (a Louisiana corporation which is wholly owned by The Shaw Group, Inc.) that has contracted to construct a two unit commercial nuclear power plant at the South Texas Project known as STP 3&4. TANE has provided a \$500 million credit facility to NINA in connection with the construction and Stone & Webster Inc. has provided a \$100 million credit facility to NINA.

Because the efforts at the South Texas Project involve controlled nuclear information, NINA has entered into contractual arrangements and obtained additional assurances in order to ensure compliance with the applicable export control requirements in 10 CFR Part 810.

In addition, NRG Energy has entered into miscellaneous contracts for work and/or services in the United States from various companies that may be foreign owned.

Question 6:

Does your organization, whether as borrower, surety, guarantor or otherwise have any indebtedness, liabilities or obligations to a foreign person(s)?

Yes. NRG Energy maintains equity and debt ratios in the range of approximately 45% or more equity and 55% or less debt. However, the precise ratio varies from time to time. NRG Energy currently has debt in the range of \$15.5 billion, with approximately \$7.5 billion held pursuant to the terms of a Credit Agreement (approx. \$1.6 billion) and Indenture (approximately \$5.9 billion) described in further detail below. The remaining debt includes project level financings that include foreign debt secured by assets located outside of the United States. However, none of these financings individually involves 5% or more of the total debt of NRG Energy. Overall, NRG Energy's debt is held by more than 400 separate debt holders, domestic and foreign. Based upon a reasonable review of lender and bondholder lists, NRG Energy estimates that all foreign debt is less

than 14% of total debt, and we have not identified any singe foreign lender or group under common control that holds 5% or more of the company's debt.

NRG Energy is indebted to lenders under an Amended and Restated Credit Agreement, dated as of July 1, 2011, among NRG Energy, the lending institutions parties thereto (the "Lenders"), and Citicorp North America Inc. ("Citicorp"). Citicorp is the administrative agent under the Credit Agreement. As such, Citicorp has been irrevocably designated and appointed by each Lender to act as administrative agent under the Credit Agreement. Each Lender has irrevocably authorized Citicorp to take such action on its behalf under the provisions of the Credit Agreement and to exercise such powers and perform such duties as are expressly delegated to the administrative agent by the terms of the Credit Agreement and sare reasonably incidental thereto. Citicorp is domiciled in the United States. Portions of the loans under the Credit Agreement may from time to time be held by foreign persons. The loan is secured by NRG Energy's equity interests in substantially all of its domestic and foreign subsidiaries, with certain exceptions. The Credit Agreement contains reporting, ratio and other standard covenants. A listing of lenders as of January 16, 2013 is provided as Attachment 3A and 3B. Attachment 3A reflects the term loan and Attachment 3B reflects the revolver.

NRG Energy is an issuer of the notes issued under an Indenture, dated as of February 2, 2006 (as amended or supplemented from time to time, the "Indenture"), among NRG Energy, each of the guarantors party thereto and Law Debenture Trust Company of New York ("Law Debenture") as trustee. As trustee under the Indenture, Law Debenture is authorized to exercise such powers and perform such duties as are expressly delegated to the trustee by the terms of the Indenture. Law Debenture is domiciled in the United States. Portions of the notes issued under the Indenture may from time to time be held by foreign persons. The notes are unsecured obligations of NRG Energy, and the Indenture contains reporting and other standard covenants. A listing of bondholders as of December 31, 2012 is provided as Attachment 4. On December 14, 2012, NRG Energy and GenOn Energy, Inc. ("GenOn") merged. GenOn is now a direct wholly-owned subsidiary of NRG Energy. Attachment 4A reflects the NRG Energy list of bondholders and Attachment 4B reflects the GenOn list of bondholders.

NRG's subsidiary Nuclear Innovation North America, LLC (NINA) is a joint venture that is approximately 9.5% owned by Toshiba America Nuclear Energy Corporation TANE), which is owned by Toshiba Corporation, a Japanese company. TANE is part of a consortium along with Stone & Webster Inc. (a Louisiana corporation which is wholly owned by The Shaw Group, Inc.) that has contracted to construct a two unit commercial nuclear power plant at the South Texas Project known as STP 3&4. TANE has provided a \$500 million credit facility to NINA in connection with the construction and Stone & Webster Inc. has provided a \$100 million credit facility to NINA.

Because the efforts at the South Texas Project involve controlled nuclear information, NINA has entered into contractual arrangements and obtained additional assurances in order to ensure compliance with the applicable export control requirements in 10 CFR Part 810.

Question 7:

During your last fiscal year, did your organization derive:

a. 5% or more of its total revenues or net income from any single foreign person.

No.

b. In the aggregate 30% or more of its revenues or net income from foreign persons?

No.

Question 8:

Is 10% or more of your organization's securities held in "nominee shares," in "street names" or in some other method which does not disclose the beneficial owner?

Yes. T. Rowe Price Associates, Inc. is the sole institutional investor that has disclosed holding 10% or more of the voting share. No investor has attempted to, or has exerted any control or influence over, appointments to management positions or influenced the policies of NRG Energy.

Question 9:

Do any of the members of your organization's board of directors (or similar governing body), officers, executive personnel, general partners, regents, trustees or senior management officials hold any positions with, or serve as consultants for, any foreign person(s)?

Yes, please see Attachment 2.

In addition:

- NRG Energy Director Paul Hobby, a United States citizen, reports serving as a director of Saracen Energy Offshore Ltd., an offshore hedge fund incorporated in the Cayman Island, with operations in the United States.
- NRG Energy Director Kathleen McGinty, a United States citizen, reports serving as a director at Iberdrola USA, Inc. Iberdrola is a wholly owned subsidiary of Iberdrola SpA, an electric utility headquartered in Bilbao, Spain.
- NRG Energy Director Spencer Abraham, a United States citizen, reports serving as a director of Sindicatum Sustainable Resources, a developer, owner and operator of clean energy projects worldwide and a producer of sustainable products from natural resources and waste, located in Singapore.

Question 10:

Is there any other factor(s) that indicates or demonstrates a capability on the part of foreign persons to control or influence the operations or management of your organization?

No.
