**Subject:** RE: Bemis Joplin Radiation Sources

Angie,

Referencing Thermo EGS Gauging, Inc.'s MA Radiation Control Program Materials License #20-6752, the three ASC-185 Eurotherm Kr-85, 1250 mCi gauges received at the Bemis Packaging facility in Joplin, MO in March 1998 (KA814, KA816 and KA817) would have been distributed under device registration MA-1287-D-106-B.

If you should require any additional information, do not hesitate to contact me.

Regards,  
Tom

OK. Tom, I will wait to receive the license number from you. This is part of the information that is needed to add the units to the Joplin location.

Angie,

I have been able to determine that these sources were most likely received in Joplin on or shortly after March 4, 1998. They were purchased from EGS Gauging, Inc. (Eurotherm Gauging Systems) by American National Can Co. I am in the process of trying to obtain the SSD Registration Certificates for these ASC-185 sources which should include the Distributor License No. you were also looking for. I will pass that information along as soon as I receive it.

Regards,  
Tom

Good Morning

Roland

Can you give me a estimated date of when these devices were put into the facility??

ANGIE

**Subject:** RE: Bemis Joplin Radiation Sources

Angie,

The facility was able to locate a spreadsheet indicating the date associated with all three sources (KA814, KA816 and KA817) is January 1998. If you should have any further questions regarding these sources, do not hesitate to contact me.

Regards,  
Tom

Good Morning

Roland

Did you get the received dates for the KR85's units? I will need these dates to enter the devices into the NRC database.

Thanks  
Angie

**Subject:** Bemis Joplin Radiation Sources

Angie,

Attached are two letters regarding the six KR-85 sources located at our Joplin, MO facility. The first letter was sent in 2010 informing the agency of the facility's change of ownership from Pechiney Plastic Packaging, Inc. to Milprint Packaging, LLC. The second letter is relative to the recent facility name change from Milprint Packaging, LLC to Bemis Packaging, LLC.

Please reply to this email as acknowledgement of receipt. If possible, please also reply with a copy of the name change letter you received relative to the sources located at our Oshkosh South facility. Unfortunately, I have not been able to locate a copy of this letter.

If you should have any other questions or require further information, please do not hesitate to contact me.

Thanks,  
Tom
