Dick,

Here is a comment from our SUNSI reviewer concerning documents in the latest revision to the FSAR, Part 5:

SUNSI review of Part 5. There are two files that should not be released until information is redacted. These files contain personal home phone numbers.

In Part 5, file name: STP34_Doc05_S05_07_A.NP contains two home phone numbers and one cell number for KZRC Radio employees on page 16 of the file.

In Part 5, file name: STP34_Doc05_S05_07_B.NP contains many home and cellular numbers of Westinghouse employees on a response roster.

You need to provide justification for allowing the release of the documents “AS IS” or correct the documents and resubmit them to the staff redacting the identified personal information.

Thanks,

Rocky
