**Re: Quarterly Reporting Pursuant to License Condition 11.1
License Number SUA-1598, Docket 40-9068
Lost Creek Project**

Dear Sir or Madam:

The following reporting for the 1st quarter 2013 required under License Condition 11.1 has been address by this letter as follows:

- License Condition 11.1(a) requires the quarterly reporting of the results of excursion monitoring. However, since the Lost Creek Project facility construction has not been completed yet, no excursion monitoring was conducted during the first quarter of 2013.
- License Condition 11.1(c) requires operational flow and pressure data for wellfields be summarized on a quarterly basis and maintained at the facility. However, since the Lost Creek Project facility construction has not been completed yet, no data was available for the first quarter of 2013.

If you have any questions regarding this letter or require additional information please feel free to contact me at the Casper office.

Regards,
