The Braidwood 2013-1 NRC written exam outline was generated in accordance with NUREG 1021, Revision 9, Supp 1, OPERATOR LICENSING EXAMINATION STANDARDS FOR POWER REACTORS, and TQ-AA-151, ILT CERTIFICATION AND NRC EXAM DEVELOPMENT AND ADMINISTRATION. The written exam outline was generated using commercially available, previously NRC approved, outline development software (Westinghouse NRC K/A Exam Generator, version 1.1) to systematically and randomly select K/A statements from NUREG-1122 to complete each of the three tiers of the written exam outline.
