Regina, Saskatchewan, Canada, S4P 1K3

Organization: Green Party of Saskatchewan

General Comment

Please realise that the San Onofre reactors can be closed down with no adverse reactions.

Nuclear power is being abandoned around the world !

Nuclear waste is still not disposable or solvable. The waste remains dangerous for tens of thousands of years!

Lastly, the reactors are not needed to keep the lights on and the state running.

Time to move forward.

Close the Reactors.

Cheers, vic lau.
