SUBJECT  
Expiration of NRC Type B Transportation Package Certificate for Sentinel Model 660 Series Radiographic Projectors

SUMMARY  
Currently possess Model 660 projector(s): Yes - two, but planning to transfer one next week, the other in June  
Aware of the pending expiration: Yes  
Received letter from Sentinel: No  
Received Information Notice from NRC: Yes  
Plans may require license amendment: Yes - currently only authorized for Model 660B cameras

License amendment received 5/7/13 to use QSA 880 Sigma cameras instead of Model 660B cameras. However, QSA no longer makes the 880 Sigmas (only Deltas), so another amendment will be required. Working with Toye Simmons and with QSA to maintain compliance.
