RATS ID: 2011-2

Dear Mr. Perez:

The Office of Federal and State Materials and Environmental Management Programs received your May 1, 2013, letter transmitting the California's final regulations and legally binding requirements to incorporate RATS ID: 2011-2. Per my discussion on May 28, 2013 with Phillip Scott of your staff, the May 1, 2013, letter arrived on May 22, 2013. We did not receive the May 9, 2013, e-mail transmitting the package electronically and will not be able to meet your July 1, 2013 requested due date.

The review has been assigned to Randy Erickson and it is our goal to complete the review within 60 days of the receipt and acceptance of the regulation package. If you have any further comments or questions, please contact me. Thank you for your attention.
