Subject: question about mailing address for new management representative

Tetra Tech EC, Inc.
29-31396-01
030-38199
580737

Dear Mr. Abkemeier,

In reviewing Mr. Roger Margotto's letter dated May 8, 2013, he requested we refer our questions directly to you. In order to continue our review, we need the following additional information:

In Mr. Margotto's letter he informed us that he will be the new management representative for Tetra Tech and that all correspondence concerning the license be sent to him. He listed his address as: 1230 Columbia Street, Suite 750, San Diego, CA 92101. Please note that the first two digits of the NRC license number are coded to indicate a specific State. A 29 license refers to New Jersey, which corresponds to your license number listed above. If you would like us to change the mailing address from New Jersey to California, we will need to terminate the 29 license and issue a new license number. Please confirm that you are requesting the new mailing address on the license be listed with the San Diego, California address.

Please respond in 30 days from the date of this email. We will continue our review upon receipt of this information. Please reply to my attention at the Region I Office and refer to Mail Control No. 580737. If you have any technical questions regarding this matter, please call me at (610) 337-5251.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's expectations for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

Your cooperation is appreciated.
