Tekia,

DTE Electric Company letter NRC3-13-0015, "DTE Electric Company Submittal of FSAR Subsection 3.7.1 Markups," has been approved and shipped to the NRC document control desk. A copy has been shipped to you. A CD is also included with the submittal, which contains responses to NRC data requests as described in Attachment 4 of the letter.

This file is larger than our outgoing file size limit. In order to avoid sending multiple emails and partial files as we did with the FSAR 2.5.2 markups, I am attempting to send the courtesy copy via our secure file transfer protocol. You will receive an email shortly that will provide a link to the files (one letter file and two data request files). Instructions for logging in and retrieving the files can be found [here](#). Please give me a call if you have any issues with this system.

Thanks,

Ryan Pratt  
Nuclear Development - Licensing
