Hello Dennis,

During our last conversation over the renewal of Fairfield University's educational/research license we spoke of the previous license application and guidelines. The current renewal application would concur with the previous one. We are asking of no changes as of this time with the exception of the removal of Dr. Jack Beal due to retirement. I have attached NRC Form 591M part 1. This inspection report was completed by Farrah Gaskins of the NRC on December 11, 2012 showing Fairfield University was in full compliance, no violations found with old violations corrected and closed. If I can be of further assistance please let me know.

Sincerely,

Joseph M Bouchard RSO
