Dear Dr. Petrella:

In a letter dated February 23, 2013, Gregory H. Rogers, President of MidMichigan Medical Center – Midland, contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your byproduct materials license no. 21-03429-04, concurrent with the merger of this licensed program into the license for MidMichigan Medical Center and license no. 21-01549-02.

The NRC staff has reviewed your letter, including the attached Form NRC 314 dated February 20, 2013, and the letter from Gratiot Medical Center, dated February 19, 2013, signed by Mark Santamaria, President and CEO. Based on our review NRC license number 24-03429-04 is hereby terminated with the enclosed Amendment No. 19. The amendment adding Gratiot Medical Center's licensed program into the license for MidMichigan Medical Center is being sent separately to their management.

If you have any questions concerning these actions, you may contact me directly at (630) 829-9841 and my fax number is (630) 515-1078. My email address is colleen.casey@nrc.gov.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in cursive script that reads "Colleen Carol Casey".
