Dear Ms. Perkins,

After hearing all the facts in regards to the safety of the Limerick Nuclear Plant, there is no doubt that this power plant should be closed down. I was watching Frontline on TV and saw where Germany shut down sixteen of their Nuclear power plants.

We should not have to prepare for a nuclear disaster. If we would have a disaster, there is no way that the evacuation plan would work. They are polluting our air and water and we in Pottstown and surrounding areas are paying the price.

We are wondering why its so important for Limerick power plant to renew their license so soon. For all of our safety this power plant should be shut down,

Sincerely,

Janice Monger
