Subject: RE: Dewey Burdock - Tribal Survey Results

Good Afternoon everyone,

It has been almost a month since we completed the open site survey for the Dewey-Burdock Project. Like Randy stated below, much was accomplished within 30 days. I enjoyed working with you and your teams and truly appreciated all of your hard work.

I just wanted to touch base with you and remind you that the due date for submitting your report is Monday, June 24, 2013. Should you have any questions, you may contact either me or Randy Withrow.

Sincerely,

Haimanot Yilma

Subject: Dewey Burdock - Tribal Survey Results

Greetings to all,

As you all know, last Friday marked the close of the open survey period for the Dewey Burdock project. Over the past two months 19 representatives from 7 tribes traveled to Edgemont to participate with the survey work. It was a great pleasure working with you and your survey teams. I think much was accomplished and everyone's hard work was greatly appreciated. We also thank everyone for making time for this important work and for working with us to adjust work schedules as necessary due to inclement weather. We recognize that each tribe receives many different requests for

survey support and we're very grateful for your interest in this project and your commitment to participate in the survey work at Dewey Burdock.

I'm writing today to let you know that we've finished compiling the GPS information gathered by tribal survey teams for the Dewey Burdock project area. I am placing the following items in today's US mail for delivery to you on Monday, June 3rd.

- updated set of 21 11x17-inch project area maps with GPS locations added (both hard copy and pdf – topographic base map)
- written instructions for accessing and viewing GPS files using ArcGIS Explorer and/or Google Earth
- GIS shapefiles showing known site locations and new GPS locations (can be viewed using ArcGIS Explorer)
- kml file of new GPS locations (can be viewed using Google Earth)
- wall map of project area (aerial photo base map - 36x48 inches)
- copy of reporting & confidentiality guidelines distributed to survey participants in April and May
- site lists distributed to survey participants in April and May

If you don't already have access to ArcGIS Explorer and/or Google Earth, here are the links for free downloads of these programs.

<http://www.esri.com/software/arcgis/explorer>

<http://www.google.com/earth/download/ge/>

Please remember that the deadline for submitting final reports to NRC has been extended to June 24th. If you have any questions about the survey work or information needed for the survey report, please contact me or Haimanot Yilma (301) 415-8029.
