**BELL BEND NUCLEAR POWER PLANT
WITHDRAWAL OF COLA PART 11E
BNP-2013-083 Docket No. 52-039**

- References: 1) BNP-2008-002, T. L. Harpster (PPL Bell Bend, LLC) to U.S. NRC, "Application for Combined License for the Bell Bend Nuclear Power Plant" dated October 10, 2008
- 2) BNP-2011-003, R. R. Sgarro, PPL Bell Bend, LLC) to U.S. NRC, "New and Spent Fuel Storage Racks" dated January 3, 2011

The purpose of this letter is to inform the Nuclear Regulatory Commission (NRC) that PPL Bell Bend, LLC (PPL) is withdrawing Part 11E "UN-TR-08-001(NP) Spent and New Fuel Storage Analyses for Calvert Cliffs Unit 3 U.S. EPR Topical Report" from the Bell Bend Nuclear Power Plant (BBNPP) Combined License Application (COLA), submitted as a part of Reference 1.

In Reference 2, PPL informed the NRC the BBNPP COLA would incorporate, by reference, those portions of the revised U.S. EPR Final Safety Analysis Report (FSAR) related to new and spent fuel storage racks. The U.S. EPR FSAR incorporates, by reference, the AREVA Transnuclear Inc. "U.S. EPR New and Spent Fuel Storage Rack Technical Report," eliminating the need for UN-TR-08-001(NP) as part of the BBNPP COLA.

Should you have questions, please contact the undersigned at 610.774.7552.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on June 13, 2013.

Respectfully,

A handwritten signature in black ink, appearing to read "Rocco R. Sgarro".
