Thank you very much. I tried to submit the official form online, but encountered a server error. I've pasted the information requested in the form below. Please let me know if this e-mail is sufficient as a FOIA request, or if I should try filling out the online form again at a later time. Thanks again,

Robert

**Description of Records:**

I would like to make a Freedom of Information Act request for an NRC document titled "Core Melt Consequences for Floating Nuclear Plant", with NRC accession number 7811200270.

I asked the NRC public document room to see if they had a copy of the document, but it appears to be missing from their microfiche collection. They suggested that I try to obtain the document via a FOIA request, since that may include more collections in its search.
