Dear Mr. Torres:

LS Jensen Construction, Inc. (LSJ) is licensed to possess and use nuclear density gauges at various locations during construction of projects in the western Montana area. Under our license, LSJ possesses a C-200 Seaman Nuclear gauge, serial number L122 at the Missoula, Montana location.

The purpose for this letter is to inform the U.S. Nuclear Regulatory Commission that we have recently contracted with Seaman Nuclear to dispose of this nuclear gauge. Therefore, we will no longer have this gauge located at our Missoula location.

If you have any questions concerning this information, please contact me at your convenience. I can be reached at (406) 459-3701 or (406) 441-9611.
