Please provide the basis for the assumptions used regarding rates of escalation in decommissioning costs, rate of earnings on decommissioning funds, and rates of other factors assumed in your Decommissioning Funding Status (DFS) report.

RAI #2: Citation for collection of non-bypassable charges:

As per requirements of 10 CFR 50.75(f)(1), in its letter dated March 28, 2013, Luminant included a schedule of annual amounts remaining to be collected for items in 10 CFR 50.75(b) and (c); however, Luminant did not provide citation of non-bypassable charge collection authorization by the appropriate regulatory authority.

Please provide the citation (e.g., an Order by the rate-regulatory authority) by the regulatory authority that allows for the collection of non-bypassable charges that are to be credited to, among other things, a trust fund established for the collection of decommissioning funds estimated to be required under 10 CFR 50.75(b) and (c).

RAI #3: Amounts accumulated

The provisions of 10 CFR 50.75(f)(1) and (2) require the licensee to report the amount of funds accumulated to the end of the calendar year preceding the report.

In its letter dated March 28, 2013, Luminant did not state if the amount of decommissioning funds accumulated was an after-tax amount.

Please provide the after-tax amount of funds accumulated through December 31, 2012.
