Importance: High

Amy and Mike,

In reviewing our schedule of Open Items and closure plans, we identified a possible source of confusion on the revision to the Topical Report ANP-10287P. The attached update to the schedule of Open Items provided on May 31, 2013 indicates in the Chapter 15 section (Page A2-9) that an advanced submittal would be provided of ANP-10287P with a Final submittal date of August 30, 2013. AREVA does not provide advanced submittals or Topical or Technical Reports. However, we have provided markups to this topical report in the response to RAI 505, Question 07.01-33 submitted earlier today. In addition markups to the topical report were provided as a part of the Advanced responses to the fourth round of Request for Additional Information (RAIs) for Topical Report ANP-10287P, ""U.S. EPR Topical Report" - RAI 31, 32, 33, 34, 35 and 36 (also submitted today). A complete revision to the ANP-10287P Topical Report will be provided on August 30, 2013.

Please let me know if you have further questions.

Thanks,
Dennis
