Dear NRC Reviewer,

Gregory Biedermann, M.D. is currently listed on our license as an Authorized User for 10 CFR 35.00 material- limited to the oral administration of sodium iodide-131. He has recently completed the supervised case experience required to administer additional unsealed by-product material requiring a written directive for uses authorized under 35.300.

Enclosed is NRC Form 313A (AUT) for your review. I completed the table in section 3C to document his three supervised clinical cases per 10 CFR 35.396.

Dr. Biedermann's preceptor (Dr. Mark Bryer) is listed as an Authorized User of any 35.300 or 35.400 material on our NRC license no. 24-01565-01.

Please contact me if you need any additional information to show that Dr. Biedermann meets the correct training and experience requirements to be authorized to use all 35.300 licensed material.

Sincerely,

Liesje Myers  
Radiation Safety Officer
