Subject: RE: Status of Pilgrim consultation

Hi Briana,

I'm just curious if you've heard anything regarding the NMFS review/consultation letter. I know we were expecting there might be some progress by this week; however, since we have heard no update, I wanted to repeat our offer to provide any assistance you think might be helpful.

If there are any developments which we may be able to lend support for please feel free let me know.

Thanks,
Joe

Subject: update on Pilgrim consultation

Hi Briana and Dennis -

Just wanted to touch base on Pilgrim. I have a complete draft letter in our clearance process. I am going to be out of the office after 12 today and not back in until the morning of the 25th -- other staff are prepared to continue working on getting the letter through clearance in my absence. If there are any questions while I am out, please contact Kim Damon-Randall, Acting ARA for Protected Resources by phone 978-282-8485 or email (Kimberly.Damon-Randall@noaa.gov).

Thank you for your patience and cooperation during this!

Julie
