~~PRIVILEGED & CONFIDENTIAL — ATTORNEY WORK PRODUCT
ATTORNEY-CLIENT COMMUNICATIONS
PREPARED IN ANTICIPATION OF/IN CONNECTION WITH LITIGATION~~

I just spoke with Mark Murray-Brown at NMFS and he told me that the consultation letter to NRC has been drafted and is now with the higher-ups at NMFS for approval. He said that the draft letter says that Pilgrim operations, during the extended license period, are not likely to adversely impact any endangered/threatened species.

He could not tell me when the letter will be approved and sent to NRC, but said that he will call when something develops.

Jay
