FYI. NRC just received this letter from NMFS today. I have only briefly looked at it, but I may need to coordinate with you to get more information if I have questions. Thanks!

Hi Briana -

here is the letter. My apologies, I was out of the office when these were signed and it was my understanding that my supervisor had transmitted this electronically to you, Dr. Hull and Dennis at that time. Apparently that did not happen although I do see that he sent Drew Stuyvenberg and Dennis an email on July 17 indicating that we were sending this letter. It was my understanding that these were mailed on July 17 so it is strange you are just receiving it now!
