Briana,

PAFO received your letter dated 05/07/2013 on 05/10/2013. The US FWS Project Number is 2011-0365. Either Pam Shellenberger or Kim Faulds will be reviewing the project information you submitted.

Presently, that section of the office is running between 60-70 days turnaround time. We have had a decrease in staff which has resulted in everyone taking on more responsibilities. We are under a hiring freeze and are unable to fill these positions.

Thank you for your patience.

Dianne Thees
Secretary, PAFO
