SUBJECT: SRI INTERNATIONAL, LICENSE TERMINATION, CONTROL NO. 581264

Dear Mr. Winter:

Please find enclosed Amendment No. 3 terminating License No. 29-31450-01 as requested by your letter dated June 24, 2013. This termination is being issued because of the requested change in mailing address. License No. 04-35086-01, Docket No. 030-38664 is being issued concurrently with this license termination for the purpose of licensing the material previously listed on this license.

Current NRC regulations and guidance are included on the NRC's website at [www.nrc.gov](http://www.nrc.gov); select **Nuclear Materials; Med, Ind, & Academic Uses**; then **Licensee Toolkits, see our toolkit index page**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 8:00 a.m. to 5:30 p.m. EST, Monday through Friday (except Federal holidays).

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

Your cooperation with us is appreciated.

Sincerely,
