012						

¹ This is the accession number of the new information.

² Analysis Memo is not necessary in every case (see guidance in Enclosure 1).

³ If the answer in this column is “Y” then the resolution is to discuss the possibility of supplementation with management, OGC, and any cooperating agencies.

⁴ The entry in this column would be either (a) discuss possibility of supplementation with management, OGC, and any cooperating agencies (if entry in previous column is “Y”), or (b) a summary of why the information is not significant (if entry in previous column is “N”).
