Tekia,

We are working on getting the electronic reading room up and running to support RAI 02.05.02-21. We will be using a Certrec-managed reading room.

In order for you and your reviewers to access the material, Certrec needs to set up separate accounts for each of the users. In order to set up the accounts, Certrec needs each user's: (1) first and last names, (2) email address, and (3) phone number. Please provide me with a list of the users that you are requesting access for at your earliest convenience. Certrec will then do some setup and send each user an email with their login/password. Some reviewers may already have Certrec accounts - but please provide the 3 requested items for each user regardless. Certrec will check on their end to ensure that users are not duplicated.

If everything goes as planned logistically, we will have documents in the reading room early next week for your review.

Thanks,

Ryan Pratt
