Amy,
AREVA is providing notification of a change in the scheduled update/revision to ANP-10293, "U.S. EPR Design Features to Address GSI-191 Technical Report." Because of the schedule change for the final response to RAI 573 Question 15.06.05-116 sent on July 16, 2013 (which impacts this technical report), we will not be able to submit a complete revision (Rev. 5) to this technical report until **August 30, 2013**.

Please contact me if you questions.

Thanks,
Dennis
