Dear Charma Waring:

This letter is accompanied by the proof of shipment for devices transported from Yardney Technical Products' Pawcatuck CT facility to the new East Greenwich RI facility. The leak test for device serial number: Am-246, Model #: S-16 is also included. The devices transported are covered under the General License issued in C.4.2 (b). Yardney's GEN-4 number is: GEN-4-12-020.

Please feel free to contact us if you have any questions. I can be reached by phone: (860) 599-1100 ext. 409, or email: jcurrier@yardney.com. Thank you in advance for your time regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer A. Currier", with a long horizontal line extending to the right.

Jennifer A. Currier
Safety and Compliance Administrator

December 17,

2012

Dear Jennifer,

The following Am-241 isotopes were transferred from Yardney Technical Products 82 Mechanic St. Pawcatuck, CT to Yardney Technical Products 2000 South County Trail East Greenwich, RI on November 19, 2012.

  Am-214 Amt. 1Ci S/N Am-246

Am-241 Amt. 5.55 GBq S/N 13674

Am- 241 Amt. 5.55 GBq S/N 13675

NDC isotopes S/N 13674 & 13675 were not leak tested as they would have been prior to shipping from NDC's California Plant.

Sincerely,

Rod Lake
