Ujagar,

As we discussed on the phone, I have removed the wording "Proprietary Information" from the general license transfer reports for Q1 and Q2 of 2013. The revised reports are attached. Please let me know if you need anything further at this time to get these filed.

Regards,  
Cathy

**Importance:** High

Ujagar,

Please find attached our transfer report for 2<sup>nd</sup> quarter 2013. I've also mailed a hard copy to the GLTS address, but since that did not work out in Q1 I thought I'd best email a copy as well.

We did not transfer or receive any GL devices from customers in NRC jurisdiction in the second quarter of 2013.

If you would, please confirm receipt.

Thank you,
