I will do.

Thanks,

Delicia

Okay, thank you. We look forward to getting your letter requesting an amendment and noting your plans to rent as needed. I would also include the information relating to the sale of the gauge and that you no longer need the storage location listed on your license. I would include your storage plan during your plans to rent a gauge. Thanks again. Shawn

I would like to maintain the license and rent a gauge as needed.

Thanks,

Delicia

No, just a letter stating what you put in the last email. I would also include the information regarding the sale of the gauge, i.e. name of company, etc. Would you want to terminate your license or do you have plans to rent a gauge when one is needed? I have attached the small entity fee sheet as you may qualify as a small entity and have the annual fee reduced. I would contact fees as soon as possible. Thanks again. Shawn

We moved in August and sold the gauge in December back to the company we purchased from originally. Is there a particular form I need to complete for change of address?

Thanks,

Delicia

Thank you. When did you move? Did you move the gauge as well from the Cubesmart storage facility into your new facility? Thanks again. At your earliest convenience you should notify us of your new address and gauge move. Shawn

Hi Shawn,

Per my voicemail, our new address is below. I have not received the 2013 annual NRC fee mailer.

Thanks,

Delicia

We have been attempting to contact someone from Indigo Engineering in reference to your 2013 annual NRC fee. If someone could contact us immediately it would be greatly appreciated. Thanks.
