Subject: Preliminary Reactor and Senior Reactor Operator Initial Examinations

Reference: Letter from NRC to TVA, "Notification of Licensed Operator Initial Examination 05000390/2013301," dated October 17, 2012

The referenced letter informed the Tennessee Valley Authority (TVA) that the NRC will be administering operating tests during the weeks of March 18 and 25, 2013, with written examinations being administered during the week of April 1, 2013.

In the referenced letter, the NRC indicated that TVA should submit preliminary reactor operator and senior reactor operator license applications, medical certifications, and waiver requests at least 30 days before the first examination date. This letter submits preliminary Personal Qualification Statements (NRC Form 398) and Certification of Medical Examinations (NRC Form 396) for the individuals scheduled to take the licensing examinations.

Enclosure 1 provides the name, type of examination, and the docket number for the applicants. Enclosure 2 provides the preliminary Personal Qualification Statements and Certification of Medical Examinations for those applicants. Complete and approved versions of these documents will be forwarded by March 4, 2013, as requested by the referenced letter.
