3. NRC Letter to PSEG, "Hope Creek Generating Station and Salem Nuclear Generating Station, Unit Nos. 1 and 2 – Online Reference Portal for Review of Mitigation Strategies Submittal in Response to Order EA-12-049 (TAC Nos. MF0867, MF0868 and MF0869)," dated July 10, 2013

In References 1 and 2, respectively, PSEG Nuclear LLC (PSEG) provided the overall integrated plans regarding mitigation strategies for beyond-design-basis external events for the Hope Creek Generating Station and Salem Generating Station, Units 1 and 2. In Reference 3, the NRC requests that PSEG provide the NRC staff and contractors with limited read-only access to on-site documents cited in References 1 and 2.

Reference 3 requests that the portal be ready for access to the NRC staff within two weeks of receipt of the letter, and specifies the following conditions for use of the portal for the duration of the review process:

- "The online reference portal will be password-protected and passwords will be assigned to those directly involved in the review on a need-to-know basis;
- The online reference portal will be sufficiently secure to prevent staff from printing, saving, or downloading any documents; and
- Conditions of use of the online reference portal will be displayed on the log-in screen and will require concurrence by each user."

As of July 24, 2013, PSEG provided an e-mail to the NRC staff requesting the individuals requiring access, and established the requested online reference portal populated with on-site documents cited in References 1 and 2. PSEG hereby agrees to the terms and conditions set forth in Reference 3.

There are no regulatory commitments contained in this letter.

If you have any questions or require additional information, please do not hesitate to contact Mrs. Emily Bauer at 856-339-1023.

Sincerely,

Paul R. Duke, Jr.
