Subject: Effective date of address**(NOTE: This will be used as the Documents Title in ADAMS)**

The licensee notified that they planned to move to another location and requested an amendment to change its address. However, the licensee did not state when the new address will become effective (it was left open-ended).

I called the licensee if they will continue to receive their mail at the old address and to inform them to contact the State of MD to change the location of storage because NRC does not have jurisdiction in the State.

The RSO stated that he was not sure when the move to new location will occur, and that they will not receive their mail at the new address until they take possession of the property, and he did not know the exact date. I told him that I can only hold this request until the end of August and we may void this request unless I hear from him.

He promised to let me know when they will finalize the new location arrangement.
