Dear Mr. Fettus, et al.:

I am writing in regards to your letters dated July 26, 2011, by which you submitted six petitions for rulemaking (PRMs) to the U.S. Nuclear Regulatory Commission (NRC) on behalf of Natural Resources Defense Council, Inc. Your petitions endorsed many of the recommendations of the NRC's Fukushima Near Term Task Force (NTTF) Report to amend various parts of Title 10 of the *Code of Federal Regulations*.

The petitions were docketed as PRM-50-97, PRM-50-98, PRM-50-99, PRM-50-100, PRM-50-101, and PRM-50-102. A Notice of Receipt for all six petitions was published in the *Federal Register* (FR) on September 20, 2011 (76 FR 58165). As the Commission was still in the process of reviewing the NTTF Report when you submitted your letters, the NRC did not request public comments on the petitions. However, the petitions have been posted online at [www.regulations.gov](http://www.regulations.gov) (ID: NRC-2011-0189).

PRMs 50-100, 50-101 and 50-102 are being considered in the rulemaking process and were closed on July 23, 2013 (78 FR 44034), March 21, 2012 (77 FR 16483), and April 27, 2012 (77 FR 25104), respectively. The NRC staff is currently reviewing your remaining PRMs. Once an NRC Petition Review Board (PRB) formally resolves the PRMs, a subsequent notice will be published in the FR. You will also receive a letter at that time reiterating the decision of the PRB.

Please feel free to contact me at [Scott.Sloan@nrc.gov](mailto:Scott.Sloan@nrc.gov) or (301) 415-1619 if you have questions.

Sincerely,

/RA/
