Colleen:

Thanks for the notification for Huron Valley-Sinai Hospital. With regards to your requests please note the following:

1. Possession Limit for 10 CFR 35.300 - One (1) Curie would be more than sufficient

Note: This licensee has never had a Written Directive period for 35.300 material, but "administration" wants it to remain on the Materials License.

2. I have asked the Chief Nuclear Medicine Technologist (Scott Halberg, CNMT) to supply me both a direct phone number and e-mail address for Dr. Roseland. Once this information is received I will forward same to you.

Dear Tom,

Please review my request for additional information for this licensee/client. All we need is their possession limit changed for 35.300 and some pieces of information for RSO contact, as we have been unable to reach her or leave a message.

Call me or email me if you have questions. I expect to be out of the office on business Wed. 7/17 and Fri. 7/19. I should be in on Thursday, 7/18 and most of next week.

Thanks very much. Take care!

Colleen
