Dear Mr. Johnson:

On June 21, 2013 (Reference 2) GNF-A described a project to reduce the number of sole Items Relied on for Safety (IROFS) using one of several options. The Attachment to this letter contains a list of additional sole IROFS in the balance of plant (BOP) areas that will be documented as a change not requiring NRC approval in accordance with SNM 1097 Section 1.3.1.2 and 10 CFR 70.72.

Please contact me on (910) 819-5950 if you have any questions or would like to discuss this matter further.

Sincerely,

Scott Murray, Manager
