SUBJECT: ISSUANCE OF AN ORDER REVOKING AMENDMENT 14 TO U.S. NUCLEAR
REGULATORY COMMISSION LICENSE SMB-911

Dear Mr. Compernelle:

This letter is in response to your e-mail dated March 22, 2013, in which you notified the U.S. Nuclear Regulatory Commission (NRC) that the planned indirect transfer of control of FMRI from Fansteel, Inc. to Green Lantern Acquisition 1 "did not go through." Therefore, the license conditions stated in Amendment 14 do not reflect the current condition of the site. The NRC is issuing an order (Enclosure 1) that revokes the changes made by Amendment 14, which modified license conditions 1, 3, 10, 26, 29, 37, 50, 51, and 54.

Please include Docket No. 40-7580 (listed below) in all your correspondence with the NRC. The NRC has forwarded the enclosed order to the Office of the Federal Register for publication.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosures will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,

/RA/
