<sup>1</sup> Exhibit CCS-005 - Pass standard for ADMIN TOPICS per NUREG 1021, ES 303, page 4, paragraph 7: Additionally, in order to ensure minimum competence in the administrative area, determine a separate "Administrative topics" grade by calculating the percentage of satisfactory grades for the administrative topics/JPM's, the applicant fails this portion of the walkthrough. If an SRO applicant has an "S" on fewer than 60 percent (i.e., 3/5) or an RO applicant has an "S" on fewer than 50 percent (2/4) of the administrative topics/JPMs, the applicant fails this portion of the walk-through.							<sup>3</sup> Exhibit CCS-005 - Pass criteria for the "Simulator Exam" per NUREG 1021, ES 303, page 6, paragraph 4: If the grade for all competencies is greater than 1.8, the applicant's performance is generally satisfactory  **Note: Average is used to make an overall comparison, Pass criteria is used in each individual criteria, grades below (and equal to) 1.8 in any of the areas constitutes failure (unsat) of the overall Simulator portion of the test							<sup>5</sup> Exhibit CCS-008 - When the Evaluators compared the simulator grades did they also take into consideration that Operator C <u>only received 2 scenarios</u> .						
<sup>2</sup> Exhibit CCS-005 - Pass Standard for "Walkthrough Overall" per NUREG 1021,ES 303, page 4, paragraph 6: After grading the applicants performance on each of the administrative topics/systems, determine an overall grade for the "walkthrough" by calculating the percentage of satisfactory topic/system grades. If the applicant has an "S" on fewer than 80 percent of the topics/systems (ie 12/15 for RO and SRO-I applicants and 8/10 for SRO-U applicants), the applicant fails the walkthrough and receives a "U" overall.							<sup>4</sup> Exhibit CCS-005 - Pass Criteria for the "Written Exam" per NUREG 1021, ES 501, page 5, paragraph 6: In order to pass the examination, applicants must achieve an overall grade of at least 80.00 percent, with a 70.00 percent or better on the SRO-only items							Although 7 out of 10 personnel failed the written - here is another comparison of the results of C.
