I also need a complete copy of the applicant's individual examination report, to include all ES-303-1 and 2 Forms (cover page, walk-through grading details page [page 2], SRO simulator operating test grading details [page 3b], and all operating test comments pages). I didn't get this while visiting Region II because I didn't want to carry around PII.

If you have an electronic version, that would be fine. (I currently have most of the applicant's grade report electronically, but not all of it.) Otherwise you can use internal NRC mail in a double envelope to David Muller, Headquarters at Mail Stop O7G-13. Of course, you could have your OLA take care of this if you are pressed for time.

Thanks for all your continued support,
Dave Muller.

Dave,
I should be sending you a file for consideration by the end of this week. I will be at TTC for AP-1000 training the following two weeks, during which time you can reach me via email.
