RE: License No. 01-15770-01  
Docket No. 030-09829

Dear Mr. Lawyer,

I am writing to inform you of a management change at the Gulf Coast Seafood Laboratory (GCSL), which pertains to our Radiation Protection Program for the above referenced Materials License. I have accepted another position outside of the U.S Food and Drug Administration (FDA) and therefore, will no longer serve as Director of the GCSL and management representative for the NRC License.

Effective August 4, 2013, the directorship position at GCSL will be filled through a series of temporary details until a permanent Director is selected, at which time you will notified with the appropriate contact information. In the interim, whoever occupies the position will have the required authority associated with the title. CAPT William Burkhardt (251-406-8125) will be first to occupy this temporary detail. The GCSL organizational structure within FDA remains unchanged at this time.

Should you have any questions on this matter, please contact Dr. Steven M. Plakas (RSO) at 251-406-8143 or CDR Kevin Calci at 251-406-8127.

Sincerely,

Robert W. Dickey, Ph.D.  
Director, Gulf Coast Seafood Laboratory
