Dear Ms. Bladey:

Attached is a courtesy electronic copy of a Generation mPower letter that was mailed to you today. The letter requests an extension to the public review period for selected mPower Design-Specific Review Standard sections pursuant to Docket ID NRC-2013-0089. You will get a hard copy of the letter via Fedex.

Please let me know if you have any questions.

Subject: Project No. PROJ0776
Request for Extension to Public Comment Period for Submittal of Design-Specific Review
Standards (DSRS) Comments to Docket ID NRC-2013-0089
Ltr. No. LTR-13-0048

Generation mPower LLC (GmP) appreciates the opportunity to provide the NRC with comments on the DSRS for the B&W mPower™ reactor design. We have endeavored to complete our reviews and comments on the 154 DSRS sections within the 90-day comment period but require additional time for a limited number of sections. We request an extension to the public comment period to September 16, 2013 to Docket ID NRC-2013-0089 as referenced in the Federal Register Notice 28258 dated May 14, 2013 for the following DSRS Sections:

- Section 3.7.1 Seismic Design Parameters
- Section 3.7.2 Seismic System Analysis
- Section 3.7.3 Seismic Subsystem Analysis
- Section 3.8.2 Steel Containment
- Section 3.8.3 Concrete and Steel Internal Structures of Steel Containments
- Section 3.8.4 Other Seismic Category I Structures
- Section 3.8.5 Foundations
- Chapter 15 DSRS Sections 15.0, 15.0.2, 15.0.3, 15.1.5, 15.2.1-15.2.5, 15.2.6, 15.2.7, 15.2.8, 15.3.1-15.3.2, 15.3.3-15.3.4, 15.4.1, 15.4.2, 15.4.10, 15.5.1-15.5.2, 15.6.1, 15.6.5, and 15.8. (Comments have already been submitted for DSRS Section 15.9.A, Thermal Hydraulic Stability.)

Additionally, GmP requests that NRC withdraw DSRS Section 6.2.1.3 until DSRS Section 6.3 is issued for public comment because of the nexus between the two sections. Alternatively, if NRC cannot withdraw, GmP requests an extension on the comment period for DSRS Section 6.2.1.3 consistent with the comment period for DSRS Section 6.3. If you have any questions or need any additional information, please contact me at your convenience at (980) 365-2071 or at pshastings@generationmpower.com.
