John, Attached is the same presentation with two typo's fixed. I would prefer that the corrected version go into ADAMS. In the future, I'll do a better job of catching the errors.

As requested, I will supply the Ehasz and Bowles report to you on the docket.

Thanks John

Dean

Dean, I placed the slides you emailed me in ADAMS as a public record (ML13084A022, attached). I noticed there were some very minor changes in the slides you used at the meeting. If you want to provide a revision, I can replace the slides in ADAMS. If you don't think the changes are material, I can leave the current version.
