

Director of the Office of Nuclear Material Safety
ATTN: GLTS
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

To Whom It May Concern:

Subject: Quarterly Distribution Report for 4-1-13 to 6-30-13, License No. IL-02394-01

Enclosed please find the quarterly distribution report for Alnor Dewpointers containing Americium-241 (50 microcuries) or Radium-226 (7 microcuries) manufactured and serviced under Dewpointer Repair License No. IL-02394-01. Dewpointers containing the above noted material have been transferred to or received from general licensees as noted on the following forms.

This report is being submitted to you to comply with conditions of our Illinois Emergency Management Agency radioactive material license. The report contains the names of the general licensees who have had reportable transactions of Dewpointers containing one of the listed radioactive sources.

Please check the address at the top of this letter, and should there be any changes or relocation of your office or mailing address, please notify us so that we may correct our records. Should you have any questions regarding this report or the distribution of Alnor Dewpointers that contain radioactive material, you may contact me at 217-483-7600.

Sincerely,

Nick Karrick
On-site Radiation Safety Officer
