Subject: FW: Request to Add Additional Ports of Entry
Date: Friday, August 16, 2013 4:32:39 PM

Jane,

Please add this email to the case files (IW022 and XW022) both physical files and the ones in ADAMS as a supplement to the application. The applicants for waste licenses are required to include Ports of Entry and routing in their application but that information is not used in the Executive Branch letter or in the Federal Register Notices (or even included on the final license). Please let me know if you have questions or would like further explanation.

Thank you much! Have a great weekend ☺
-Jenny

Subject: Request to Add Additional Ports of Entry

Jenny,

Thank you for your assistance with this request to add two additional ports of entry and exit to the current PFNW licenses: IW022 and XW012.

Perma-Fix Northwest, Richland, Washington would like to include these ports (both highway routes):

Buffalo-Niagara Falls, New York- Interstate 190 (Peace Bridge)USA associated with Fort Erie, Southern Ontario, Canada

and

Pembina, North Dakota- Interstate 29, Hwy 81 USA associated with Emerson, Prairies, Canada

Please let me know if you have any questions or need additional information per this request.

Sincerely,

Paul
