---

In reference to the North Dakota proposed regulations and letter dated June 17, 2013 that was received in your office on July 8, 2013, please replace pages 4-5 with the corrected page 4-5 which I have attached to this email. The page submitted on June 17, 2013 incorrectly referenced the table at the end of those regulations that was not applicable to Vacating premises or equipment.

If you have any questions please contact me at your convenience. Thanks for all your help!

decommissioning in 10 CFR part 20, subpart E as adopted by this chapter. A survey shall be made after such decontamination and the department and the landlord or subsequent tenant or transferee shall be provided with a copy of such survey no less than thirty days before vacating or relinquishing possession or control of premises. No such premise may be vacated, sold, or transferred until the decontamination survey has been verified and accepted by the department. For naturally occurring radioactive materials (NORM) and technologically enhanced naturally occurring radioactive materials (TENORM), decontamination shall meet the standards found in Table 4.2-07.1.

2. **Equipment.** No machinery, instruments, laboratory equipment, or any other property used in contact with, or close proximity to radioactive material at a licensed premise may be assigned, sold, leased, or transferred to an unlicensed person unless such property has been permanently decontaminated below or equal to the standards specified in 10 CFR part 20, subpart E as adopted by this chapter. A survey shall be made after such decontamination and the department and subsequent transferee or owner shall be provided with a copy of such survey. No such equipment may be assigned, sold, leased, or transferred until such documentation survey has been verified and accepted by the department.
